- USD - Federal Reserve (mid-point)
- EUR - European Central Bank Deposit Rate

Interest rates will change on the date that any change in the relevant central bank rate takes effect. Interest will be calculated daily on the daily closing balance and applied on the first business day of the following month to the linked account itself. How do I open and manage my account?

You can open a Business Notice Account by contacting your Relationship Manager. Any qualifying customer with a **minimum balance** of GBP50,000, USD50,000 or EUR50,000 and a Current Account held with HSBC Innovation Banking can open a Business Notice Account. Currently there is no **maximum balance** amount. If your Business Notice Account is below the minimum balance (GBP50,000, USD50,000 or EUR50,000), we may transfer the balance to your linked Current Account and close your Business Notice Account however we will contact you before we do this.

Once opened, the Business Notice Account can be viewed on HSBCnet.

Can I withdraw money?

Not immediately, the Business Notice Account operates on a strict 31 Day or 3 Month notice basis and is a restricted access account. You cannot withdraw funds from the Business Notice Account before the end of the 31 Day or 3 Month notice period, except in exceptional circumstances as set out in the Business Notice Account Terms and Conditions.

You must give us notice of a withdrawal or closure from your Business Notice Account between 9am and 4pm UK time on a business day, by completing a withdrawal notice on HSBCnet. If you complete the withdrawal notice after 4pm UK time, or on a non-business day, notice will be taken as given on the next business day.

We will process the instructions on the next business day, such that the notice period will begin on the following business day after the withdrawal notice has been received. A Business Notice Account cannot be closed or withdrawn online.

If in exceptional circumstances we agree to an early withdrawal or closure from your Business Notice Account (for example, you enter into insolvency), an early withdrawal charge will apply. The early withdrawal charge will be calculated as follows:

(i) an early withdrawal administration fee of £100 and (ii) an early withdrawal adjustment fee which is calculated by the deposit amount multiplied by the number of remaining days of the notice period or the fixed term deposit created after providing withdrawal notice, divided by the currency basis for the calculation of interest (360 for USD and EUR, 365 for GBP) multiplied by the reference rate – (SONIA for GBP / SOFR for USD / ESTR for EUR or the alternative replacement rate used by HSBC Innovation Banking) for the remainder of the notice period or the fixed term deposit period, less any interest accrued to that date. The total early withdrawal charge will be advised to you at the time of withdrawal. In the event of early withdrawal, you may not achieve the published rate of return and you may receive less money back than you initially deposited.

There is no cancellation period on this account. The product is subject to availability and may be withdrawn without notice.
